Level 0 Security Update

- Each district DDC will be assigned “District_CIO” Level 0 security clearance

- This security level allows the DDC to view and adjust permissions for all users assigned to that district

- **<u>Entitled users:</u>** users that have access to data in Level 0.

Filter Choices: Specific District

Choose District: Sample District

My Entitled Level 0 Users: (District Filter: Sample District)

User Name	User District	Student	HR	Demographics	Enrollment	Program Fact	Assessment	Assess/Acc/Mod	Course	Course/Inst/Assign	Day Calend
Sample District	Sample District	District_CIO	District_CIO	U	U	U+	U	U	U	U	U
Sample HR	Sample District		District_User								
Sample Student	Sample District	District_User		U	U	U+	U	U	U	U	U

- **<u>Non-Entitled users:</u>** users that have access to ASAP only.

Filter Choices: Non-Entitled users

Choose District: Sample District

My Non-Entitled Level 0 Users: (District Filter: Sample District)

User Name	User District	Student	HR	Demographics	Enrollment	Program Fact	Assessment	Assess/Acc/Mod	Course	C
Sample ASAP NYSITELL	Sample District	District_User								
Sample ASAP Regents	Sample District	District_User								

- Districts will have the ability to:
    1. Add new district users.
    2. View and adjust all permissions for Level 0 and ASAP.
    3. **IDENTIFY USERS THAT SHOULD NOT HAVE ACCESS**
    4. **Reset passwords**
