Design updates in Kite Educator Portal System

1. Under the Reports tab, you will see a new drop down for Alternate Assessments Reports. This is to access DLM score reports. In addition, under the Data Extracts tab, data has been broken down into sub categories in order to easily generate the correct extract.
2. There have been updates to the Dashboard tab, so DTCs can monitor testing readiness and progress.
3. Proctor role is not available during the 2023-2024 school year.
Anyone administering NYSAA must go through Test Administrator Training.
4. First Contact Survey data must be entered yearly. It will no longer be rolled over from previous year.

[\(Please find full guidance here\)](#)

For both paper-based and computer-based ELA and mathematics testing, schools will select two consecutive days within the respective administration windows to administer assessments for each grade level and subject. Schools must test the entire grade on the same two consecutive school days for each subject. For science, the entire grade must test on the same day. These rules are school-specific and need not be observed as district-specific.

Schools with students in a CBT grade that must test on paper per an Individualized Education Program (IEP) or Section 504 Accommodation Plan, or because they require an alternate language edition of the mathematics or science test that is not available on computer, should test on the same days as their CBT grade cohorts.

- ▶ Online ordering system will open at the end of September and close the first week of December-we will let you know exact dates when we get them from SED
- ▶ CBT is mandatory for grades 5 and 8
- ▶ Paper testing available for students with IEPs in grades 5 and 8

Topic: Reporting Staff, School Nurses & Non Teaching Staff

Deadline: November 16, 2023

New for 2023-24, all school districts and charter schools should report complete data for social workers, nurses and guidance counselors.

All non-teaching professional staff, including building principals, must be reported for Personnel Master File (PMF BEDS) and Annual Professional Performance Review (APPR) purposes through the Staff Assignment Template. This data will also be used to populate data in your School Report Card.

- To determine “non-teaching professionals,” refer to the non-teaching assignment codes found on **SIRS Pg. 106 (New Codes) & Pg. 180**
 - If there is not an exact assignment description (i.e. title) for a staff person, choose the assignment from the PMF non-teaching codes that most closely matches the staff person’s current assignment
- Report one (1) record for each location, assignment related to the staff person.
 - If a staff member is responsible for assignments within more than one building in the LEA, they should report each of those specific buildings.
 - EX. Elementary Guidance Counselor split between 3 buildings will have 3 Staff Assignment records
 - This includes pupil personnel (e.g. counselors, social workers) and health services staff (nurses).
- If staff have district-wide responsibility, they may be reported with the district code.
 - The district-wide code should not be used to aggregate multiple building assignments for counselors, social workers or nurses as that may negatively affect School Report Card data

Do not report clerical staff, bus drivers, maintenance, teaching assistants, teacher aides, or food service workers.

Topic: Use of Crisis Codes 2023-24

A crisis/disaster is a large scale, known/named situation which causes the displacement of people due to its severity. Disasters may include but are not limited to natural, civil, or health crisis, conflict, or a disaster-induced event (Pg. 128 SIRS).

Students of compulsory school age presented at the school for registration that may or may not have all required documentation due to a disaster must be reported with the appropriate crisis/disaster code (category).

- This would be reported only in the school year in which the impacted student is first presented at the school for registration.
- If the student also meets the criteria as an Immigrant student, Program Service Code 8282 must also be reported in Programs Fact.
- Report this information to SIRS (via LO) as early as possible each school year, including students who registered over the summer.
- See Page 193 in SIRS Manual.

Crisis/Disaster codes **should not** be used for students, already enrolled in a district

- For example, a student who resides in a district and whose home suffers a catastrophic fire is not eligible for a crisis code.
- A student from outside the district who lost their home to wildfires and comes to register in your district, is eligible for the “Natural” crisis code.

Topic: Updated guidance on ELL placement timelines

The New York State Education Department (NYSED) announced information on available flexibility to the English Language Learner (ELL) Identification and Placement Timeline for districts that have been impacted by the influx of asylum seekers and other recently arrived students. This flexibility will extend the timeline (i.e., the deadline for administering the NYSITELL) from 10 school days to 30 school days.

In order to claim this flexibility, LEAs must submit a form affirming the arrival of these students in their communities and providing information about these students and their previous ELL population. Superintendents and charter school leaders can access this form through the [SED Business Portal](#).

SUBJECT: English Language Learner (ELL) Identification and Placement for
Recently Arrived Children and Youth

DATE: August 16, 2023

Communities across New York State are experiencing an influx of recently arrived and asylum-seeking students and families in advance of the 2023-24 school year. The Board of Regents and the New York State Education Department (NYSED or “the Department”) are committed to supporting Local Educational Agencies (LEAs) in the delivery of high-quality educational services to all students, including recently arrived children and youth. This memorandum provides important information for LEAs regarding the English Language Learner (ELL) identification process outlined in Commissioner’s Regulations Part 154-2.3(a) and available resources to support students and families.

Available Flexibility to Identification and Placement Timelines

Due to an unanticipated increase in the enrollment of speakers of languages other than English, it is expected that some LEAs may have difficulty conforming to the standard 10-day timeline for administering the New York State Identification Test for English Language Learners (NYSITELL) and placing eligible students in an appropriate language acquisition program. **LEAs serving recently arrived asylum seekers with school-age children, will therefore be afforded *up to 30 school days* from the date of a student’s enrollment to complete this process.** After the 30-school day period granted by this waiver has ended, all identifications will again be required to be completed within 10 school days of a student’s initial enrollment.

LEAs seeking a waiver from the timeline specified in Commissioner’s Regulations Part 154-2.3(g) must complete and submit the “Attestation in Support of Waiver of the ELL Identification and Placement Timeline for Recently Arrived Children and Youth” form through the NYSED Business Portal. The waiver will be available to qualifying LEAs until further notice. The standard identification period will apply to all LEAs that do not receive a waiver.

Questions regarding LEA eligibility or any other aspect of the ELL identification timeline waiver can be directed to the Office of Bilingual Education and World Languages (OBEWL) at obewl@nysed.gov.

Required Services and Available Supports for Newly Arrived Students

Please be advised that all children in New York State, regardless of their immigration or citizenship status, have the right to attend school full time so long as they meet the age and residency requirements established by state law. Please see the Department's [Student Registration Guidance](#), [Guideline for Refugee and Immigrant Vaccination Requirement](#), and [2018 field memo](#) for information on requirements related to enrollment of recently arrived children. For health/immunization records and residency questions contact the Office of Student Support Services at StudentSupportServices@nysed.gov.

In addition, please note that recently arrived students in temporary housing are entitled to protections and services under The McKinney-Vento Homeless Assistance Act. As a reminder, the McKinney-Vento Homeless Assistance Act states that children and youth who lack "a fixed, regular, and adequate nighttime residence" will be considered homeless. This applies to students in a wide range of temporary living situations, including shelters and emergency or transitional housing; students living in hotels, motels, trailer parks, or campgrounds due to lack of alternative adequate housing; and, to students who are "doubled-up" with friends or relatives due to loss of housing, economic hardship, or lack of adequate alternative accommodations.

Homeless students are entitled to immediate enrollment in school, even if they lack documents normally required for enrollment, or have missed application or enrollment deadlines during any period of homelessness. For further information about the McKinney-Vento Act, the rights of students experiencing homelessness, and for strategies that LEAs and schools can implement to meet such students' needs, please visit [NYS-TEACHS](#) or call 1-800-388-2014. LEAs can also contact State McKinney-Vento Coordinator Jane Fronheiser in the Office of ESSA-Funded Programs at (518) 473-0295 or jane.fronheiser@nysed.gov.

Information to support asylum seekers and other recently arrived immigrants can be found on s [Immigrants and Newcomers page](#) on OBEWL's website. Information includes:

- Civil rights for newcomers and immigrants
- CUNY Initiative on Immigration and Education resources including the Supporting Immigrants in Schools resource guide and professional development modules
- A guide to community-based organizations for immigrants
- Best practices for instruction including the Advanced Literacies for Academic Success topic briefs
- Contact for the [Regional Bilingual Education Resource Networks](#)

Additional support for newly arrived students who are children of migratory agricultural workers or migratory fishers, or for students who are migratory agricultural workers or fishers themselves, and who have made a "qualifying move" within the last 3 years are also be available through the New York State Migrant Education Tutorial and Support Services (METS) Program Centers.

These centers provide direct educational programs and services to migrant children at homes and in schools. They also link migrant families with necessary academic, social, and health services and provide direct services to migrant families in the areas of academic assistance, advocacy, coordination with schools and community agencies, and other outreach activities. Please use the interactive [map](#) or the [METS](#) page to find contact information for the Program Center that serves your county.

Topic: Use of Crisis Codes 2023-24

A crisis/disaster is a large scale, known/named situation which causes the displacement of people due to its severity. Disasters may include but are not limited to natural, civil, or health crisis, conflict, or a disaster-induced event (Pg. 128 SIRS).

Students of compulsory school age presented at the school for registration that may or may not have all required documentation due to a disaster must be reported with the appropriate crisis/disaster code (category)

- This would be reported only in the school year in which the impacted student is first presented at the school for registration.
- If the student also meets the criteria as an Immigrant student, Program Service Code 8282 must also be reported in Programs Fact.
- Report this information to the SIRS as early as possible each school year, including students who registered over the summer.
- See Page 193 in SIRS Manual

Crisis/Disaster codes **should not** be used for students, already enrolled in a district, who have suffered an illness, fire, or other displacement from their home. For example, a student who resides in a district and whose home suffers a catastrophic fire is not eligible for a crisis code. A student from outside the district who lost their home to wildfires and comes to register in your district, is eligible for the “Natural” crisis code.
