Educator Evaluation Implementation - 2021-22 Educator Evaluation Status**2021-22 Staff Evaluation Status Form****2021-22 Staff Evaluation Status**

On June 7, 2021, Governor Andrew Cuomo signed Chapter 112 of the Laws of 2021, which was subsequently amended on June 11, 2021 by Chapter 147 of the Laws of 2021, which, in part, provides that for the 2021-22 school year, no LEA shall be required to complete an annual evaluation for any classroom teacher or building principal due to concerns related to the ongoing response to the COVID-19 pandemic.

In effect, the bill excuses LEAs from the requirement to complete a teacher's or principal's evaluation under Education Law §3012-d and Regents Rules 30-3 for the 2021-22 school year. The bill also eliminates any state aid penalties for school districts that fail to implement any component of their approved evaluation plans.

The amendments to the law eliminate the requirement for LEAs to complete teacher and principal evaluations for the 2021-22 school year, but do not prohibit evaluations from being completed where an LEA is able to do so.

To the extent that LEAs are able to complete all or part of an educator's evaluation, the Department expects that such scores and ratings will be reported. Information and resources related to the submission of staff evaluation data are posted on the Resources for Educator Evaluation Data Collection page. To reduce the burden on LEAs, the Department will not be requiring LEAs to certify data or complete an Implementation Certification form for the 2021-22 school year.

Please indicate the status of educator evaluation in your LEA for the 2021-22 school year.

- ☐ Educator Evaluation was implemented to the extent possible under the terms of the approved APPR plan/variance for the 2021-22 school year; at least some educators have a complete staff evaluation, including student performance, teacher observation/principal school visits, and an overall rating.*
- ☐ Educator Evaluation was implemented to the extent possible under the terms of the approved APPR plan/variance for the 2021-22 school year; however, while at least some educators have a student performance or teacher observation/principal school visit score, no educator has an overall rating.*
- ☐ Educator Evaluation could not be implemented in the 2021-22 school year.

Although no educator has an overall rating, which category was completed for most educators?

- ☐ Student Performance (most educators do not have a complete observation/school visit category)
- ☐ Observation/School Visits (most educators do not have a complete student performance category)

If Educator Evaluation was implemented in 2021-22, please provide the name and contact information for the best person to reach out to regarding the submission of educator evaluation data, or indicate if this person is the superintendent.

The superintendent is the contact for the submission of educator evaluation data.

A different staff member is the best contact for the submission of educator evaluation data

If the educator evaluation data contact is a staff member other than the superintendent, please complete the information below.

Scan Sheet Preparation for Regents In-District Scanning

Failure to follow these procedures could cause inaccurate test results!

SCAN SHEET PREPARATION BEFORE SCANNING

PROCEDURE/GUIDELINE	MEANING									
<p>NEVER MAKE COPIES OF ANSWER SHEETS!</p> <p>Each answer sheet has a unique registration code that identifies the front and back of the same answer sheet</p>	<p>During exams, if you need extra answer sheets we will create .pdf extras and send them by e-mail. You must print them on a two sided printer.</p>									
<p>Blue or Black ink must be used for ALL bubbles</p>	<p>Student responses and teacher scores front and back of answer sheet need blue or black ink.</p> <p><u>NONE OF THE FOLLOWING MAY BE USED</u></p> <p>No Pencils of any kind (black or red)</p> <p>No red ink or gel pens!</p>									
<p>CHANGING AN ANSWER - this applies to students <u>and</u> teachers scoring the exam</p>	<p>To change an answer, cross out the first choice and fill in the new choice bubble. ○ ● ○ ●</p>									
<p>CHECK for Missing <u>Teacher Score Bubbles</u></p>	<p><u>ALL</u> TEACHER SCORES MUST BE BUBBLED IN on the back of the sheet - INCLUDING <u>ZEROS</u>! No lines and arrows pointing down.</p> <p>Missing score bubbles will prevent the sheet from being processed.</p>									
<p>Check for Multiple <u>Teacher Score Bubbles</u> where only ONE is permitted</p>	<p>A scoring item with more than one score bubble must be fixed so that only one bubble is valid – the wrong score must be crossed out. ● ●</p>									
<p>BLANK ANSWER SHEET PROCEDURE</p>	<p>Blank sheets must have the following items filled in on top:</p> <p>1. <i>Student Name</i></p> <p>2. <i>Student ID Number</i></p> <p>3. <i>Grade</i></p> <p>Teachers <u>must</u> fill in the 9 digit student ID on the front bottom left and back of the form. If the student ID is only 4 or 5 digits the first few → <table><tr><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>5</td><td>6</td><td>7</td><td>9</td></tr></table> boxes must have zeros. Student ID Numbers without leading zeros cannot be processed.</p>	0	0	0	0	0	5	6	7	9
0	0	0	0	0	5	6	7	9		

CHECK for 9 digit Student ID numbers written in on All Walk-In Answer Sheets	Answer sheets missing a student ID number or a partial Student ID number cannot be processed. It must be filled in with leading zeros to make 9 digits.
Torn or damaged answer sheets must be copied onto an extra blank answer sheet	All responses and scores must be copied onto an extra blank answer sheet and complete student information entered in the heading. (Torn or damaged sheets cannot be processed.) This is a two person operation, one copies it over, one checks it as per state regulations.
<u>DO NOT</u> scan blank answer sheets	This includes students who were <u>absent for the test</u>. Do not scan a blank sheet with the word “Absent” written on it.
NO post-it notes or paper clips on answer sheets	No foreign objects obscuring bubbled answers can be left on the answer sheets, and staples or paper clips will damage the scanner.
NO STRAY MARKS	No scoring marks or other marks can be made <u>anywhere</u> on answer sheets - State regulations.

*****AT THE SCANNER*****

FAN The Sheets <u>Before</u> Scanning	Make sure no sheets are stuck together or have any foreign objects attached to them.
CHECK For Uniform Sheet Position Answer Sheets Now Have Bottom Right Corner Cuts To Make this Easier!	<u>ALL</u> Answer sheets must be face down and upside down when inserted into the scanner (like a fax machine).
Put <u>All</u> Walk-In Answer Sheets at the <u>Beginning</u> of the Batch	All answer sheets that were not pre-printed should be at the top of the pile of answer sheets.

*****REMINDER*****

Batches should be no more than **400** answer sheets!

Please call Student Data Services at (631) 218-4195 if you have any questions.

Subject: United States Department of Education (USDE) Extension of New York's "Double Testing" Waiver in Grades 6 and 7 Mathematics and Grades 7 and 8 Science

Date: May 20, 2022

On March 9, 2022, the New York State Education Department (NYSED or "the Department") submitted a waiver extension request to the USDE on behalf of all local education agencies (LEAs) in New York State seeking flexibility that would allow New York middle school students to take a Regents examination in mathematics or science when the student is enrolled in the corresponding course for high school credit instead of taking the grade level examination.

This memo is to inform you that on May 16, 2022, USDE granted NYSED a waiver extension that will be in effect from the 2021-2022 school year through the 2024-2025 school year and will permit the following:

- Students enrolled in grade 6 who take high school Regents mathematics courses may take the corresponding high school level Regents examination in mathematics in lieu of the grade 6 mathematics test.
- Students enrolled in grade 7 who take high school level Regents mathematics courses may take the corresponding high school level Regents examination in mathematics in lieu of the grade 7 mathematics test.
- Students enrolled in grade 7 or 8 who take high school level Regents science courses may take the corresponding high school level Regents examination in science in lieu of the Intermediate-Level Science test.

To secure the waiver extension of Every Student Succeeds Act (ESSA) requirements, USDE required New York State to assure that if a student takes a Regents mathematics examination in Grade 6 or Grade 7 in lieu of the grade level mathematics assessment or takes a Regents science examination in Grade 7 or Grade 8 in lieu of the Grade 8 science examination:

- The student's performance and participation on the assessment will be used in the year in which the student takes the assessment for the purposes of measuring academic achievement and participation as it pertains to the school-based accountability system required under ESSA.

- In high school, the student will take a more advanced, State-administered end-of-course assessment or a nationally recognized high school academic assessment and the student's performance on and participation in that assessment will be used for the purposes of measuring academic achievement and participation as it pertains to the school-based accountability system required under ESSA.

Based on the waiver extension granted by USDE, NYSED will present to the Board of Regents at its June 2022 meeting proposed amendments to Commissioner's Regulations related to implementing these middle school mathematics and science testing flexibilities beginning with 2021–2022 school year assessments.

The Department remains committed to supporting your efforts to provide the best education and support to all students across New York State. Questions concerning the information contained in this memo should be directed to accountinfo@nysed.gov.
