2022-2025 Instructional Technology Plan Information and Guidance

Overview

This document is intended to provide guidance for districts on the creation and submission of the District Instructional Technology Plan Survey.

Regulation

Per Part 100.12 of Commissioner's Regulations, all New York State public school districts are required to develop and maintain instructional technology plans. Plans must cover three school years, and key components of the Plans must be submitted to NYSED for approval every three years. The method by which NYSED collects information on District Instructional Technology Plans is a survey through the SED Monitoring and Vendor Reporting System.

NYSED Vision for District Instructional Technology Plans

District Instructional Technology Plans, required by Commissioner's Regulation 100.12, will support the mission of the NYS Board of Regents, which is to ensure that every child has equitable access to the highest quality educational opportunities, services and supports in schools that provide effective instruction aligned to the state's standards, as well as positive learning environments so that each child is prepared for success in college, career, and citizenship.

NYSED Goals

Through District Instructional Technology Plans*, districts will address how they are meeting the Educational Technology expectations of the Board of Regents, as articulated in the <u>Statewide Learning Technology Plan.</u>

Districts will identify how they will:

- Develop a strategic vision and goals to support student achievement and engagement through the seamless integration of technology into teaching and learning;
- Provide technology-enhanced, culturally- and linguistically-responsive learning environments to support improved teaching and learning;
- Increase equitable access to high-quality digital resources and standards-based, technology-rich learning experiences;
- Design, implement, and sustain a robust, secure network to ensure sufficient, reliable high-speed connectivity for learners, educators, and leaders; and
- Provide access to relevant and rigorous professional development to ensure educators and leaders are proficient in the integration of learning technologies.

^{*}And related data collection efforts

Submission Process

- 1. As in years past, public school district superintendents, or their designees, will submit essential information about the District Instructional Technology Plan through a survey issued through the <u>SED Monitoring and Vendor Reporting System</u>.
- 2. Districts will complete the sections and enter answers into the survey. Districts are encouraged to work with local technology committees, Regional Information Center (RIC) and/or BOCES Model Schools staff, as appropriate and applicable.
- 3. For Rest-of-State districts, once the District CEO submits the survey, the survey will be sent to your local RIC, where NYSED-certified RIC Reviewers will review the submitted plans for thoroughness and completeness. Once the RIC Reviewer and the District are in agreement that the answers are complete, the RIC Reviewer will submit the plan to NYSED.
 - Buffalo, New York City, Rochester, Syracuse, and Yonkers (the Big Five) will work directly with NYSED staff for certification and approval.
- 4. NYSED will review plans and may communicate with RIC Reviewers or the Big 5 Districts if answers are not complete or thorough. The RIC Reviewer may be required to communicate with the District for clarification or additional information. Once any concerns are addressed, plans will be approved.

Access to the Survey

To access the SED Monitoring and Vendor Performance System:

- 1. Go to the NYSED Business Portal;
- 2. Click on the "Log In" button;
- 3. Enter your username and password;
- 4. Click on "SED Monitoring and Vendor Performance System" under My Applications;
- 5. Select "View Surveys for Ed Tech;"
- 6. Find the 2021-2024 Instructional Technology Plan
- 7. Click on 'view' to begin/continue to input information.

The superintendent will have automatic access to the plan. The superintendent will need to delegate access to the person or persons completing the plan through SEDDAS, the SED Delegated Account System, which manages access to SED web-based applications through the Application Business Portal. Granting these permissions will NOT provide access to any other information in the portal. The superintendent is the only individual that has submit/certify rights and will therefore need to submit the plan when it is ready to be reviewed. For questions regarding the entitlement process, please see the <u>SEDDAS mini guide</u> for entitling users to SED Monitoring.

Changes to District Instructional Technology Plan Survey for 2022-2025

The format of the District Instructional Technology Plan Survey remains the same. The following changes have been made from the 2018 plan:

- Question added about how this plan builds upon the previous three-year Instructional Technology Plan.
- Question added about how this plan has changed from the previous plan in response to the COVID pandemic.
- A new section III has been added titled "Goal Attainment." This section adds questions about District-level attainment of the goals laid out in the 2010 Statewide Learning Technology Plan. All subsequent sections have been renumbered.
- Goals will now be introduced in Section IV and only listed once, removing the necessity of copying and pasting goal information from one section to another.
- Additional emphasis has been placed upon the detailing of evaluation metrics used by the district related to goal achievement and has been moved to Section IV, question 5.
- Additional target populations have been added as an option for each goal.
- Question added to explain the strategies the district plans to implement to address the need, where practicable, to ensure equitable learning "everywhere, all the time".
- Question added about how districts plan to utilize technology to address the needs of students experiencing homelessness and/or housing insecurity.
- Questions five through thirteen that were located in Section VI, Administrative Management Plan, have been removed.

The survey questions are organized into the following categories:

- **I. District LEA Information:** Name and title of administrator responsible for entering the data.
- **II. Strategic Technology Planning:** Mission, vision, planning process, changes from previous years plan, professional development, and measurement and evaluation.
- **III. Goal Attainment:** District-level attainment of the goals laid out in the 2010 Statewide USNY technology plan .
- **IV. Action Plan:** Goals, alignment of district goals with NYSED goals, target populations, additional target population (optional), action steps, stakeholders, anticipated completion date.
- V. NYSED Initiatives Alignment: Meeting academic standards, strategies to ensure equitable learning "everywhere, all the time", serving students with disabilities, serving English as a New Language /Multilingual learners, serving students experiencing homelessness and/or housing insecurity, and facilitating culturally-responsive instruction.
- VI. Administrative Management Plan: Staffing plan, investment plan, link to information for parents and school communities related to technology for students and families posted on district website.

VII. Sharing Innovative Educational Technology Programs (optional): An opportunity to share the district's innovative projects and practices with other districts.

Timeline

The three-year plan covers July 1, 2022 to June 30, 2025.

The deadline to submit the plan to NYSED is June 30, 2022. Interim deadlines will be set by the District's Regional Information Center.

Structure of the Guidance

The following pages outline the specific information that districts will be required to enter into the SED Monitoring system survey. Guidance is provided in italics below each question.

Instructional Technology Plan Overview

The Districts Instructional Technology Plan should reflect a shared vision of the district stakeholders, and demonstrate how teaching and learning will be impacted equitably and in alignment with state and local standards through strategic planning, implementation, and evaluation of the plan.

The questions below provide a framework for comprehensive technology planning and provide relevant information to support the development of programs and policy for school districts and NYSED. Responses should be thorough, as they can be used as a framework for a comprehensive District Instructional Technology Plan. The information collected through the SED Monitoring meets the requirement for compliance with Commissioner's regulations part 100.12; however, a more comprehensive plan is a best practice that will serve districts well for planning and implementation with stakeholders. Districts are encouraged to work with local technology committees, Regional Information Center (RIC), and/or BOCES Model Schools staff as appropriate and applicable to develop more comprehensive technology plans. It is a requirement that districts post a link to their technology plan for parents and the school community.

Section I – District LEA Information

- 1. What is the name of the district administrator responsible for entering the Instructional Technology Plan data?
 - NYSED will consider this person to be the point of contact for questions about the plan.
- 2. What is the title of the district administrator responsible for entering the Instructional Technology Plan data?

Please select one from drop down menu:

- Superintendent
- Director of Technology
- Chief Information Officer
- Deputy Superintendent
- Assistant Superintendent
- Other (please identify in Question 2a, below)

2a. If 'Other' was selected in Question 2 above, please identify the title.

Section II - Strategic Technology Planning

1. What is the overall district mission?

The district mission is usually approved by the district board of education and can be located in the district strategic plan.

2. What is the vision statement that guides instructional technology use in the district?

The vision statement for the use of instructional technology in the district answers the following question: What is the aspiration for the use of instructional technology in the district?

3. Summarize the planning process used to develop answers to the Instructional Technology Plan questions and/or your district comprehensive Instructional Technology Plan. Please include the stakeholder groups participating and the outcomes of the instructional technology plan development meetings.

The instructional technology planning process should align with the district's strategic planning process. The district level technology committee should include multiple stakeholder participants in order to build advocacy for district programs and financial plans.

Responses should include a description of the following:

- The stakeholder groups that worked on this plan
- A timeline of the planning process
- *The frequency of meetings*
- The outcomes of the plan development
- Any additional aspects of the planning process that the district wishes to share.
- 4. **NEW** How does the district's Instructional Technology Plan build upon, continue the work of, and improve upon the previous three-year plan?

Responses should include a description of the following:

- How this planning process was different than previous years
- How the planning committee identified strengths and areas of improvement based upon implementation of the previous three-year plan
- How this plan intends to address any goals from the previous plan that may not have been fully met

5. **NEW** How does the district Instructional Technology Plan reflect experiences during the COVID pandemic?

Responses should include a description of the following, where applicable:

- Online or blended learning options (changes or additions)
- Need to address internet connectivity, to the extent practicable, at students' places of residence
- Device purchases (any increases, changes in quantity or type, etc.)
- Device deployment (changes, if applicable)
- Professional development related to technology use, integration, and instructional design (any changes in quantity, delivery method, audience, and/or content)
- Instructional changes (Such as to ensure that students are more technologically proficient, use of technology to engage students)
- Parent and community stakeholder engagement (Degree of input they have on the Instructional Technology Plan)
- 6. **NEW:** Is your district currently fully 1:1? Yes or No.

For the purposes of this survey, "1:1" implies that each student enrolled in the district, grades K-12 (as applicable), has a dedicated device provided by the District for their use both in school and their place of residence.

If no, the following questions appear:

a. What are your plans to become a fully 1:1 District? (Covers all grades K-12 as applicable)

Short answer:

b. When will the District become fully 1:1?

School year 2022-2023

School year 2023-2024

School year 2024-2025

Year 2026 or beyond

Unknown

7. Please describe the professional development plan for building the capacity of educators and administrators in the attainment of the instructional technology vision as stated in response to question 2.

If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, this response must align with the district's response to

any related question(s) in the SSIP, specifically question 8 in the Classroom Technology Section.

As a best practice, the instructional technology professional development plan should be a subset of the district Professional Development Plan for Teaching and Learning (PDP).

Office of Teaching Initiatives: Professional Development Standards http://www.highered.nysed.gov/tcert/resteachers/pd.html

Professional Learning and Growth: Resources for Teaching Standards, Professional Development Standards and Toolkits http://www.nysed.gov/educator-quality/professional-learning-and-growth

Responses should include a description of the following:

- How the technology professional development aligns with the district's overall goals to improve learning and instruction
- How the district determined the current capacity of educators
- How the district will provide targeted, needs-based, and personalized professional development based on each teacher's capacity and interest
- How the effectiveness of the professional development plan will be evaluated
- *Plans for implementation support or follow-up, if any*

Section III - Goal Attainment

Overview: In this new section, the District is asked to outline the extent to which they have achieved, at the local level, goals put forth in the 2010 Statewide Learning Technology Plan.

1. Digital Content – The District uses standards-based, accessible digital content that supports all curricula for all learners.

Response: The district has met this goal

Minimally Moderately Significantly Fully

2. Digital Use – The District's learners, teachers, and administrators are proficient in the use of technology for learning.

Response: The district has met this goal:

Minimally Moderately Significantly Fully

3. Digital Capacity and Access – The District's technology infrastructure supports learning and teaching in all of the District's environments.

Response: The district has met this goal:

Minimally Moderately Significantly Fully

4. Leadership – The District Instructional Technology Plan is in alignment with the Statewide Learning Technology Plan vision.

Response: The district has met this goal:

Minimally Moderately Significantly Fully

5. Accountability – District-level information is posted on the District website, is easy to access, and is easily understood. Information provided includes the results achieved by the District in their efforts to enable students to build knowledge, master skills, and grasp opportunities for a better life.

Response: The district has met this goal:

Minimally Moderately| Significantly Fully

Section IV – Action Plan

Overview: In this section the district is required to list a minimum of three goals. The plan allows up to five goals. This section also requires specific action steps that will be taken to achieve each of the goals. Instructional technology goals should align with district curriculum and instruction goals. Districts are encouraged to use effective methods to create goals such as the SMART approach. Each goal will have its own page in the plan. The district will answer the following questions about each goal:

• Which NYSED goal best aligns with the district goal?

- What is the target student population(s)?
- What are the additional target populations, if any?
- How will the goal be measured and evaluated?
- What are the action steps necessary to attain the goal?
- What is the timeline for attainment of the goal?
- What stakeholder type will be responsible for ensuring that the action steps are complete?

Action Plan:

- 1. Goal #1
- 2. Select the NYSED goal that best aligns with this district goal.

 This is a drop-down list of NYSED goals that allows for only one choice.
 - Develop a strategic vision and goals to support student achievement and engagement through the seamless integration of technology into teaching and learning;
 - Provide technology-enhanced, culturally- and linguistically-responsive learning environments to support improved teaching and learning;
 - Increase equitable access to high-quality digital resources and standards-based, technology-rich learning experiences;
 - Design, implement, and sustain a robust, secure network to ensure sufficient, reliable high-speed connectivity for learners, educators, and leaders; and
 - Provide access to relevant and rigorous professional development to ensure educators and leaders are proficient in the integration of learning technologies.
- 3. Target Student Population(s). Check all that apply.
 - All students
 - Early Learning (Pre-K -3)
 - Elementary/intermediate
 - Middle School
 - High School
 - Students with Disabilities
 - English Language Learners
 - Students who are migratory or seasonal farmworkers, or children of such workers
 - Students experiencing homelessness and/or housing insecurity
 - Economically disadvantaged students
 - Students between the ages of 18-21

- Students who are targeted for dropout prevention or credit recovery programs
- Students who do not have adequate access to computing devices and/or highspeed internet at their places of residence
- Students who do not have internet access at their place of residence
- Students in foster care
- Students in juvenile justice system settings
- Vulnerable populations/vulnerable students
- Other (please identify in Question 3a, below)

3a. If 'Other' was selected in Question 3 above, please identify target student population(s).

- 4. **NEW** Additional Target Populations. Check all that apply. (*optional*)
 - Teachers/Teacher Aides
 - Administrators
 - Parents/Guardians/Families/School Community
 - Technology Integration Specialists
 - Other
- 5. How will this instructional technology goal be measured and evaluated during and after implementation? Be sure to include any tools and/or metrics that are part of this evaluation process. *Examples might be formative data, local, state, and/or national LEA benchmarks, metrics from instructional software, other technology evaluation programs, etc.*

Responses should include a description of the following:

- The evidence and/or data to be collected, how it will be collected, and which benchmarks will be utilized.
- How the evidence will be analyzed and utilized.
- How you will know if the goal has been accomplished.
- 6. List the action steps that correspond to Goal #1 from your answer to Question 1, above. All cells in the table must be populated. If you have less than four action steps for this goal, you must enter N/A into columns two, three, four, five, and seven, and choose June 30, 2021 in the date column for all unneeded rows in the table.

The responsible stakeholder is the single individual in the district accountable to ensure that the action step is completed. The individual in this role may or may not be responsible for the entire goal. The list of action steps may extend across the three-year time frame of the technology plan.

<u>Section V – NYSED Initiatives Alignment</u>

1. Explain how the district use of instructional technology will serve as a part of a comprehensive and sustained effort to support rigorous academic standards attainment and performance improvement for students. If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, this response must align with the district's response to any related question(s) in the SSIP, specifically question 4 in the School Connectivity Section.

Responses should include a description of the following:

- How technology is integrated into teaching and learning throughout the district
- Explain the extent to which technology is used by teachers to facilitate their practice
- The extent to which technology is used by students to demonstrate understanding of skills and concepts
- The extent to which technology is used to provide multiple pathways to access and participate in learning.
- 2. **NEW** Explain the strategies the district plans to implement to address the need to provide equitable learning "everywhere, all the time." (<u>National Technology Plan</u>) Include both short and long-term solutions, such as device access, internet access, human capacity, infrastructure, partnerships, etc.
- 3. Students with disabilities may be served through the use of instructional technology as well as assistive technology devices and services to ensure access to and participation in the general education curriculum. Describe how instruction using technology is differentiated to support the individual learning needs of students with disabilities.

If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, this response must align with the district's response to any related question(s) in the SSIP, specifically question 6 in the Classroom Learning Technology section.

This question is referring to the intentional application of technologies and instructional strategies that are specifically used for students with disabilities. The response should address specifically the various technologies and instructional strategies that are used.

Example: A district who has a 1:1 program should include how those devices are specifically being used with students with disabilities; not simply that they have access to the same devices as all students.

Response should include a description of the following:

• Specific technology, applications, and/or devices that the district uses to serve students with disabilities.

- How teachers use technology to address accessibility and to differentiate, modify, and accommodate the instruction of students with disabilities.
- 4. How does the district utilize technology to address the needs of students with disabilities to ensure equitable access to instruction, materials, and assessments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.

If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, this response must align with the district's response to any related question(s) in the SSIP, specifically question 6 in the Classroom Learning Technology section.

- Class lesson plans, materials, and assignment instructions are available to students and families for "anytime, anywhere" access (such as through a class website or learning management system).
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Assistive technology is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify in Question 4a, below)

- Other (please identify in Question 5a, below)

5a. If 'Other' was selected in question 5 above, please explain here.

- 6. How does the district utilize technology to address the needs of English Language Learners to ensure equitable access to instruction, materials, and assessments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.
 - Class lesson plans, materials, and assignment instructions are available to students and families for "anytime, anywhere" access (such as through class website or learning management system).
 - Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
 - Technology is used to provide additional ways to access key content, such as
 providing videos or other visuals to supplement verbal or written instruction or
 content.
 - Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
 - Home language dictionaries and translation programs are provided through technology.
 - Hardware that supports ELL student learning, such as home-language keyboards, translation pens, and/or interactive whiteboards, is utilized.
 - Technology is used to increase options for students to demonstrate knowledge and skill, such as through the creation of a product or recording of an oral response.
 - Learning games and other interactive software are used to supplement instruction.
 - Other (Please identify in Question 6a, below)

6a. If 'Other' was selected in Question 6 above, please explain here.

7. The district's Instructional Technology Plan addresses the needs of English Language Learners to ensure equitable access to instruction, materials, and assessments in multiple languages.

Yes/No.

7a. If Yes, check one:

- In the 5 languages most commonly spoken in the district
- In the 10 languages most commonly spoken in the district
- In the 15 languages most commonly spoken in the district
- Other (please explain in Question 7b, below)

The response "5 languages most commonly spoken" includes districts with 1-5 spoken languages. The response "10 languages most commonly spoken" includes districts with 6-10 spoken languages. The response "15 languages most commonly spoken" includes districts with 11-15 spoken languages.

7b. If 'Other' was selected in 7a, above, please explain here.

- 8. Please select the professional development that will be offered to teachers of English Language Learners that will enable them to differentiate learning and to increase their student language development and content learning with the use of technology. Please check all that apply from the provided options and/or check 'Other' for options not available on the list.
 - Technology to support writers in the elementary classroom
 - Technology to support writers in the secondary classroom

 - Use camera for documentation
 - Other (please identify in Question 8a, below)

8a. If 'Other' was selected in Question 8 above, please explain here.

- 9. **NEW** How does the district utilize technology to address the needs of students experiencing homelessness and/or housing insecurity to ensure equitable access to instruction and learning? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.
 - McKinney-Vento information is prominently located on individual school websites, as well as the district website.
 - If available, online enrollment is easily accessible, written in an understandable manner, available in multiple languages and accessible from a phone.
 - Offer phone enrollment as an alternative to in-person enrollment.
 - Set enrollment forms to automatically provide the McKinney-Vento liaison with contact information for students who indicate possible homelessness and/or housing insecurity
 - Create a survey to obtain information about students' living situations, contact information, access to internet and devices for all students in the enrollment processes so the district can communicate effectively and evaluate their needs.
 - Create simple videos in multiple languages, and with subtitles, that explain McKinney-Vento rights and services, identify the McKinney-Vento liaison, and clarify enrollment instructions.
 - Create mobile enrollment stations by equipping buses with laptops, internet, and staff at peak enrollment periods.
 - Provide students experiencing homelessness and/or housing insecurity with tablets or laptops, mobile hotspots, prepaid cell phones, and other devices and connectivity.
 - Provide students a way to protect and charge any devices they are provided with by the district.
 - Replace devices that are damaged or stolen as needed.
 - Assess readiness-to-use technology skills before disseminating devices to students experiencing homelessness and/or housing insecurity.
 - Create individualized plans for providing access to technology and internet on a case-by-case basis for any student experiencing homelessness and/or housing insecurity.
 - Have resources available to get families and students step-by-step instructions on how to set-up and use their districts Learning Management System or website.
 - Class lesson plans, materials, and assignment instructions are available to students and families for "anytime, anywhere" access (such as through class website or learning management system).
 - Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system, DVD, or private online video channel).

- Technology is used to provide additional ways to access key content, such as
 providing videos or other visuals to supplement verbal or written instruction or
 content.
- Conduct regular educational check-ins with all students experiencing homelessness and/or housing insecurity and secure any help needed to keep up with course work.
- Adjust assignments to be completed successfully using only the resources students have available.
- Provide online mentoring programs.
- Create in-person and web-based tutoring programs/spaces and/or live chats to assist with assignments and technology issues.

- 10. How does the district use instructional technology to facilitate culturally responsive instruction and learning environments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.
 - The district uses instructional technology to strengthen relationships and connections with families to assist in building a culturally responsive learning environment to enhance student learning.
 - The district uses instructional technology to facilitate classroom projects that involve the community.
 - The district uses instructional technology to develop and organize coherent and relevant units, lessons, and learning tasks that build upon students' cultural backgrounds and experiences.
 - The district uses instructional technology to assist in varying teaching approaches to accommodate diverse learning styles and language proficiencies.
 - The district uses instructional technology to enable students to communicate and collaborate with students in different schools or districts in New York State, the United States, or with different countries.
 - The district uses instructional technology to facilitate collaborative classroom projects among heterogeneous student groups.
 - Other (please identify in Question 10a, below)

10a. If 'Other' was selected in Question 10 above, please explain here.

Please use the 'Other' choice to describe in full any additional ways that instructional technology is used to facilitate culturally responsive instruction. Narrative responses in paragraph format are acceptable.

Section VI – Administrative Management Plan

1. Staff Plan

Provide the Full-Time Equivalent (FTE) count, as of plan submission date, of all staff whose primary responsibility is delivering technology integration training and support and/or technical support.

Title	Full-time Equivalent (FTE)
District Technology Leadership	
Instructional Support	
Technical Support	

Enter the FTE for each title, even if it is zero. Responses limited to two decimal points.

Relevant staff would include:

- **District Technology Leadership** Examples of roles in this category include district level positions such as Director/Coordinator of Technology, Chief Technology Officer, Director of Innovation, Director/Coordinator of Instructional Technology, etc.
- **Instructional Support** Examples of roles in this category include staff whose primary responsibility is in the integration of technology in curriculum to support teachers and students
- **Technical Support** Examples of roles in this category include network engineers, system administrators, computer support and repair, computer aides whose primary role is technical support, etc.

If the same individual staff member supports multiple categories, such as leadership, technology integration, and/or technical support, they should allocate their time between the functions. Total FTE count for any one individual should not exceed 1.0. Do not include contractors unless paid as an FTE.

2. Investment Plan

Provide a three-year investment plan to support the vision and goals. All costs must be calculated for the entire three year-period, not annualized. For example, if a cost occurs annually, the estimated cost should include the annual cost times three.

Anticipated Item or Service Drop Down Menu. Select one per row.	If you chose 'Other' Anticipated Item or Service in the column to the left, please identify here. Otherwise, please write "N/A."	Estimated Cost	Is Cost One- time, Annual, or Both?	Potential Funding Source. May check more than one source per item.	If you chose 'Other' Potential Funding Source in the column to the left, please identify here. Otherwise, please write "N/A."

Provide a three-year investment plan to support the vision in Section II and goals in Section III.

A chart with drop-down choices is provided in order for NYSED to obtain consistent responses to this question.

All cells in the table must be populated. If you have less than four items in your plan, you must choose N/A for columns one, two, four, five and six, and put zero in column three (estimated cost) for each unneeded row.

The anticipated item or service column offers a drop-down menu of options. Select one category for each of the district's top four anticipated purchases in priority order -1 = first priority, 2 = second priority, and so on. The anticipated categories should be planned instructional technology purchases beginning within the three (3) year cycle of this technology plan. Anticipated purchases do not necessarily need to be completed within the three (3) year cycle of this instructional technology plan

If the district anticipates purchasing an item or service not included as an option on the drop-down list, select "Other" and specify it/them.

Next, select whether the purchase of the anticipated item or service is expected to be a one-time or annual expenditure or both (e.g. initial purchase of new software AND annual payments for subscription licenses). Then, identify the funding source(s) the district anticipates using to pay for the expected purchases. If the district has identified

a source not included in the check box options or at, the time of plan submission, has not identified a discrete funding source for the anticipated item or service expected to be purchased, select "Other" from among the available check boxes in the Funding Sources column and specify it/them.

Please note this question relates to funding sources, NOT funding mechanisms. Example: An Install-Purchase agreement (IPA) is a funding mechanism. The source of the money to make the payments under the IPA is the funding source. For the purposes of this plan, infrastructure is considered an instructional technology investment.

Drop down list of items: Select one per row

- End User Computing Devices
- Instructional and Administrative Software
- Internet Connectivity
- *Network and Infrastructure*
- Peripheral Devices
- Professional Development
- Staffing
- Other (please identify in next column, to the right)
- *N/A*

Check box list of funding sources: Can check more than one

- BOCES Co-Ser purchase
- District Operating Budget
- District Public Bond
- E-Rate
- Grants
- Instructional Materials Aid
- Instructional Resources Aid
- Smart Schools Bond Act
- Other (please identify in next column, to the right)
- N/A
- 3. Has the school district provided for the loan of instructional computer hardware to students legally attending nonpublic schools pursuant to Education Law, section 754? Select Yes/No/Not Applicable. Only select 'Not Applicable' if there are no non-public schools in the district.
- **4. NEW(revised)** Districts are required to post either the responses to this survey or a more comprehensive technology plan that includes all of the elements in this survey. Please provide the URL here. The URL must link to a public website where the survey or plan can be easily accessed by the community.

<u>Section VII – Sharing Innovative Educational Technology Programs</u>

NYSED is exploring a way to facilitate the sharing of district innovative educational technology projects and practices. If your district wants to share information with other districts based on implementation of an educational technology program, please check the topics below. Check only those that have been implemented for at least two years at a building or district level.

The questions in this section are optional and do not require a response. The responses will be entered into a database in order to share, upon request, the topics and contact names with other districts interested in learning about your innovative program(s). Contact information will not be posted publicly.

- 1. Please choose one or more topics that reflect an innovative educational technology program that has been implemented for at least two years at a building or district level. Use 'Other' to share a topic that is not on the list.
 - 1:1 Device Program
 - Active Learning Spaces/Makerspaces
 - Blended and/or Flipped Classrooms
 - Culturally Responsive Instruction with Technology
 - Data Privacy and Security
 - Digital Equity Initiatives
 - Digital Fluency Standards
 - Engaging School Community through Technology
 - English Language Learner
 - Instruction and Learning with Technology
 - Infrastructure
 - OER and Digital Content
 - Online Learning
 - Personalized Learning
 - Policy, Planning, and Leadership
 - Professional Development / Professional Learning
 - Special Education Instruction and Learning with Technology
 - Technology Support
 - Other Topic A
 - Other Topic B
 - Other Topic C

These sub-questions will only appear if you chose "Other Topic"

1a. If you selected 'Other Topic A' above, please describe in a few words the topic of your district's innovative program.

1b. If you selected 'Other Topic B' above, please describe in a few words the topic of your district's innovative program.

1c. If you selected 'Other Topic C' above, please describe in a few words the topic of your district's innovative program.

2. Provide the name, title, and e-mail of the person to be contacted in order to obtain more information about the innovative program(s) at your district.

The response to this question is designed to provide one contact point for all innovative program checked in Question 1. If you want to provide individual contact points for each program, skip this question and only reply to Question 3.

Contact Information	Name of	Title	E-mail Address	Innovative Programs.
Please complete all	Contact person			Check all that apply for

Out of Certification Verification

Correcting Errors in Course Codes to Reduce and/or Eliminate Teachers
Out of Certification

Originally Presented by Maryellen Weaver Shared Data Expert/Staff Developer

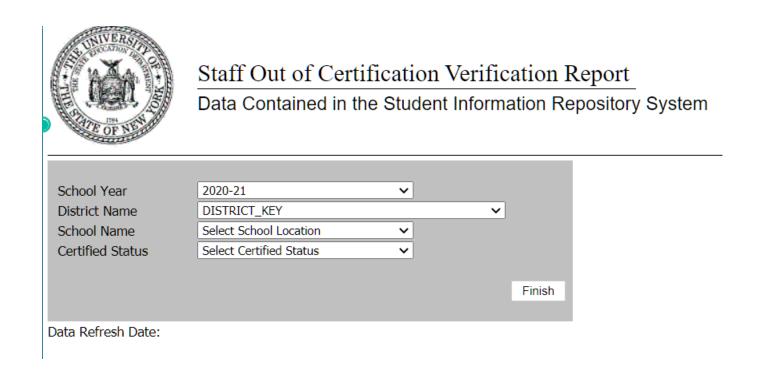

Changes to ePMF

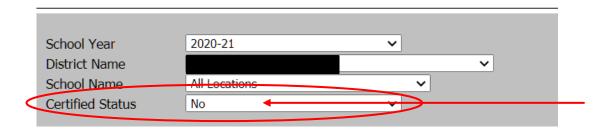

- ► Teachers no longer log into TAA to list their courses
- All of this information will be pulled directly from Level 0 data
 - Course Instructor
 - Staff Snapshot
 - Student Course Entry / Exit
- Principals / District Administrators will need to review the SIRS 328 and SIRS 329 report in October (the DDC should upload the reports to Level 0 as early as possible)

Accessing the Reports in L2RPT

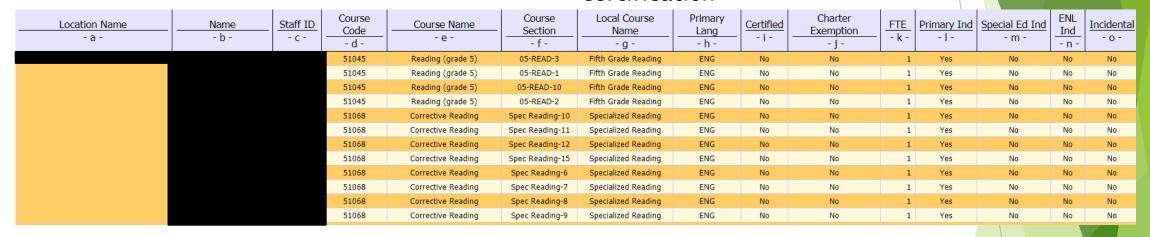

- Log into L2RPT on Data Central
- Click on: Team Content- District- SEDDAS- Staff
 - ▶ SIRS 328 Staff Out of Certification Verification Report
 - ▶ SIRS 329 Staff Certification Report

SIRS 328 Staff Out of Certification Verification Report

Set to <u>NO</u> to view teachers out of certification

- This report shows all teachers whose certifications do not meet the requirements for the Course Code(s) associated with them in your Student Information System.
- Please note that in this example, Corrective Reading is most likely AIS which has its own code.
 You may find that this is a very common error.
- Another common error is that the Special Ed Indicator is set to No when a teacher is teaching a Special Ed course.

AIS codes

You may find many errors for teachers providing Academic Intervention Services.

Please refer to the graphic on the right. This information is pulled from the SIRS manual, page 101.

What course codes should districts use to report Academic Intervention Services (AIS) for Grades K-6?

• Districts should use the following course code(s) based on the content area:

51996- Eng Lang & Lit- Supplemental

52996- Mathematics- Supplemental

53996- Life & Phys Sci- Supplemental

54996- Social Sci & Hist- Supplemental

What course codes should districts use to report Academic Intervention Services (AIS) for Grades 7-12?

• Districts should use the following course code(s) based on the content area:

01996- Eng Lang & Lit- Supplemental

02996- Mathematics- Supplemental

03996- Life & Phys Sci- Supplemental

04996- Social Sci & Hist- Supplemental

SIRS 329 Staff Certification Report

- Now that you have seen who is teaching out of certification, it is important to understand their certification area.
- ► This report can be run by entire district, by building, and by individual teacher.

					TEACHER	9014	Students With Disabilities (Grades 1-6)	Aug 15, 2018		0084	Professional Certificate

Next Steps

Let's look at one teacher.

The first graphic, SIRS 328 report, shows this teacher is out of certification for Reading (grade5). The second graphic, SIRS 329 report, shows the teacher's certifications.

Use the <u>Certification / Course Crosswalk</u> and compare the certification codes to the out of certification course code.

In this example, the teacher is certified in certification area codes 0126, 3013, 3014, and 9014.

The teacher is out of certification for course code 51045. Filter the course code, column A, to course code 51045. In this example it will not appear, therefore, this is not a valid code for any of this teacher's certifications.

Next you must determine if the teacher is actually teaching out of certification or if you are using an incorrect code for the course.

- What is Reading (grade5)? Define the course.
 - Is this a Special Education course? AIS?
- Look at the courses that are in certification for this teacher. Is there another code that can be used?

Student Daily Attendance batch import process reminder

Pg62 SIRS 17.4

- Children whose half-day UPK placement has been converted to fullday using the Statewide Universal Full-day Prekindergarten (SUFDPK) grant should be reported with Program Service Code 902 (UPK) and grade level PKF (full-day). Failure to code such children as UPK may result in a reduction in the amount that a district can be reimbursed for the prekindergarten services it provides during the school year. Effective July 1, 2020, the Expanded Prekindergarten for Threeand Four-Year Old Students (EPK4) grant was consolidated with a district's Universal Pre-K allocation. These funds are now considered Universal Pre-K and students whose slots are supported by funds from this source should be assigned Program Service Code 902 (UPK). In addition, all UPK students must be reported with one of the following Program Service Codes that identifies the UPK program setting: 1309 (District-operated), 1320 (Day care center), 1331 (Head Start), 1342 (Family or Group Day Care), 1353 (Nursery School), 1364 (BOCES), 1375 (Special Ed 4410 Preschool), 1386 (Religious and Independent (Nonpublic) School), 1397 (Museum), 1408 (Library), or 1419 63 Student Information Repository System Manual Version 17.4 (Other). See the Program Services Codes and Descriptions section of this manual for additional information.
- Students in any other type of Pre-K program other than UPK should be reported with Program Service Code 990 (Other Pre-K). This includes students in Targeted Pre-K programs operated by Madison-Oneida, Questar III, or Herkimer BOCES.

Level 0 Deleting Staff Snapshot Records

Staff Snapshot *Active/Inactive Status

To Delete a Staff Snapshot record:

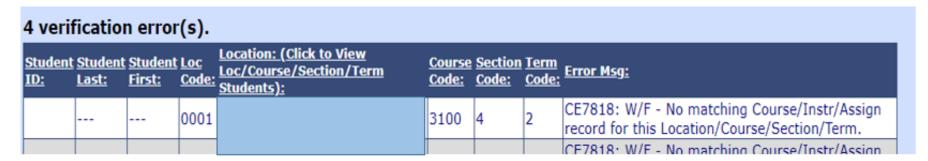

If a staff snapshot record is incorrectly loaded and sent to Level 1, it can be deleted by marking the Active/Inactive status as "D" for Deleted.

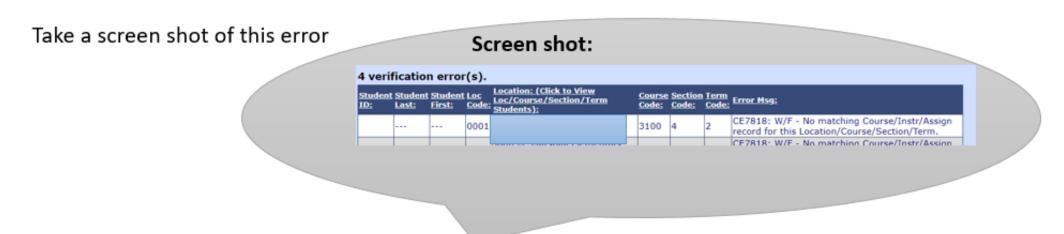

^{*}Deleting staff snapshot records from Level 0 does not delete them from Level 1.

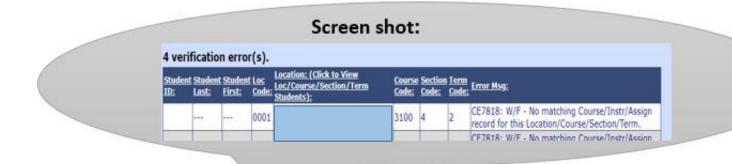

How to troubleshoot a missing course instructor

What to do when you get this error in Student Class Entry Exit:

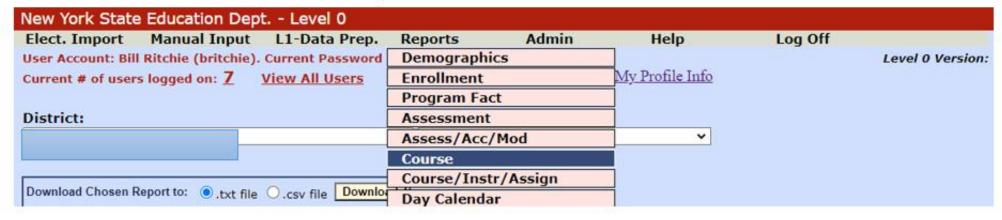

CE7818: This error says that there is no teacher assigned (course instructor assignment) for the location/course/section/term that students are assigned to (student class entry exit).

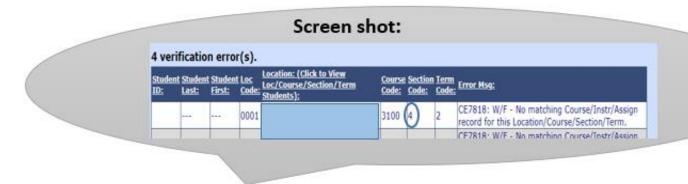

From the Level 0 main screen click reports -> course

Click on "Course/Tchr/Student"

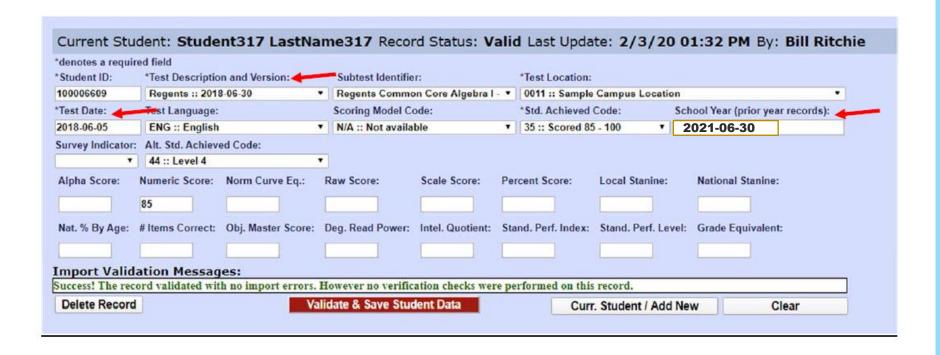

This will provide you with a list of all courses and sections that have both a teacher and student assigned

Subject: DRAFT Regents Examination Schedules for January, June, and August 2022

Attached for you and your colleagues to review are DRAFT Examination Schedules for the January 2022, June 2022, and August 2022 Regents Examination periods The draft examination schedules were derived from test administration dates listed in the "Final Dates for the January 2022, June 2022, and August 2022, Regents Examination Periods" updated July 2021. These draft schedules include all Regents Examinations to be administered during these examination periods. Please share the draft schedules along with this memorandum with appropriate school officials in your schools/districts. School personnel are asked to consider these draft schedules carefully and to send feedback to the Department at emsctesting@nysed.gov by no later than August 19, 2021.

The Department's guidelines for developing examination schedules are provided at the bottom of the memorandum. Please review these guidelines when considering the draft examination schedules. Proposed schedule revisions that adhere to the guidelines listed below and are received by August 19, 2021 will be considered. School officials proposing a change in these schedules are asked to be explicit about the revised date and session they propose instead for an examination they recommend be scheduled differently from the date/time shown in the draft. The Department is especially interested in how any suggested revisions to these schedules may minimize the incidence of English Language Learners and students with disabilities taking more than one Regents Examination on the same day.

GUIDELINES FOR DEVELOPING EXAMINATION SCHEDULES

- The examinations are scheduled so that most students will not have to take more than one examination on any one day. For this reason, some of the examinations within the same subject area (such as social studies or science) are scheduled for the same session or day.
- The examinations are scheduled to maximize the amount of time available for scoring of the examinations.
- The date and time for the debut administration of the Regents Examination in U.S. History & Government (Framework) cannot be changed. The earlier administration of this new examination on Wednesday, June 1, 2022 is to allow time for score collection and standard setting in order for the conversion chart to be posted by the Rating Day, June 24.
- Reminder: The first administration of the new Regents Examination in United States History and Government (Framework) will be administered in June 2022. There will be no Regents Examination in US History and Government for students completing courses in January 2022. See <u>January 2022 Regents</u> <u>Examination in United States History and Government</u> for more information.

An Excel Template is posted on Data Central under Services>Data and Reporting>Regents>Public>Processing Information>Preprint File Template. The Excel file has to be saved as a .csv file

Only ONE file is required with ALL the subjects included. Your File name should begin with your district name first (e.g. Central SchoolDistrict_Jan2022 Regents)

CSV Preprint File Layout for Regents Administration

File specifications:

• File needs a header record with field names:

"DistrictCode", "LocationCode", "Version", "AdminMonth", "StudentID", "LastName", "FirstName", "GradeLevel", "CourseSection", "TeacherName", "StateCourseCode", "DistrictName", "School"

- All data is considered text and should be in quotes
- All fields require data except CourseSection, TeacherName, DistrictName, School.
- DistrictName and School <u>SHOULD BE LEFT BLANK FOR JAN AND JUNE</u> (include place holders in CSV record). If these fields are filled, then the District and Location table Level 0 lookups will not occur (allows pre-printing for students in districts outside the RIC region or preprinting a district name that is different from what is included in the DistrictID barcode on the form).
- Fields:

DistrictCode = DW District Code - 8 characters (example: NY180202)

LocationCode = DW LocationCode - up to 6 characters (example: 0002 or 033937)

Version = DW Version - 10 character school year end date (example: 2022-06-30)

AdminMonth = 3 char - Jan, Jun or Aug

StudentID = 9 char local Student ID (example: 000007978)

LastName = Student's Last Name - 20 char

Firstname = Student's First Name - 20 char and will be truncated at 30 characters when printed on answer sheet

GradeLevel = Student's DW Grade Level - 2 char (example: 09)

CourseSection = Local Course Code + Local Section Code; combined with "-" 20 char (example 0300-01) **TeacherName** = Teacher Name as it needs to appear on answer sheet (usually "Last Name, First Name") - 30 char

StateCourseCode = 5 char, 7 for Common Core - see chart on next page

DistrictName = **LEAVE BLANK FOR JAN AND JUNE** - 30 char (use only when an override of the Level 0 lookup of District Name is needed)

School = **LEAVE BLANK FOR JAN AND JUNE** - 30 char (use only when an override of the Level 0 lookup of Location Name is needed)

Note:

In the case of Walk-ins, if no teacher name is available, you can leave this field blank or populate with the word "Staff"

In the case of Walk-ins, if no Course/Section is available, you can leave this field blank or populate with the name of the exam, e.g. "Earth Science" Remember, **keep exam names under 20 characters!**

Student Data Services: Digital Equity Survey Service

In order to assist districts with the new SIRS Digital Equity data reporting element, Student Data Services will be offering three distinct services to help meet these requirements.

Option #1 - Full Printing, Scanning and Reporting - \$500 set-up fee + \$1.50 per student (student count will be determined by previous year's district wide January BEDS Day count)

- Student Data Services will print survey forms for ALL students in district. Survey will be provided in English <u>or</u> Spanish. No other translations are available. Spanish forms will be provided only for those students who have "SPA" indicated as their home language in Level 0
- District must have loaded demographic and enrollment data in Level 0 by October 22nd
- Student Data Services will pull subsequent new enrollments throughout the year and provide printed survey forms for distribution. Second pull will take place in early 2022 and subsequent data pulls will occur on a monthly basis throughout the year with a final pull on June 1st. These data pulls will only include **NEW enrollments** from previous data pull
- District is responsible for sending all survey forms home to parents
- Once forms are returned, district is responsible for scanning forms using Epson Regents scanner
- Student Data Services will load all scanned data in Level 0.
- District is responsible for verifying and locking data in Level 0

Option #2 – Select Printing, Scanning and Reporting - \$500 set-up fee + \$1.50 per student (student count is based on file provided in original student lite file and subsequent files throughout the year)

- Intended for districts that will be offering survey online, but are anticipating the need for printed forms for some students
- District will be responsible for providing Student Data Services with student lite file **ONLY** for students that need to be surveyed. Survey will be provided in English <u>or</u> Spanish. No other translations are available. Spanish forms will be provided only for those students who have "SPA" indicated as their home language in the district provided student lite file.
- District is responsible for providing Student Data Services with any new enrollments throughout the year, at predetermined dates
- Student Data Services will print forms based on the student lite file that is provided by the district
- District is responsible for sending survey forms home to parents
- Once forms are returned, district is responsible for scanning forms using Epson Regents scanner
- Student Data Services will load all scanned data into Level 0
- District is responsible for verifying and locking data in Level 0

Option #3 - Digital File - \$1,000 per district

- Intended for districts who are surveying parents on their own
- Student Data Services will provide district with basic template to format data that has been collected from the survey
- District will use provided template and return data in correct format to Student Data Services
- Student Data Services will convert file to eScholar format and load to Level 0 a minimum four times a year, or as determined by updated NYSED guidance
- District is responsible for verifying and locking data in Level 0

Student Data Services will NOT be providing any blank forms for this service. All students must have a record in Level 0

Districts that subscribe to the District Data Loading Service, will have a \$500 discount applied

2021-22 SCHOOL YEAR COVID-19 SNOW DAY PILOT PROGRAM

- This is at the district option and must be consistent with district instructional and reopening plans
- SUCH CHANGES (CLOSING SCHOOLS AND USING THE REMOTE OPTION) MUST BE CONSISTENT WITH ALL EXISTING LAWS AND REGULATIONS, INCLUDING THE MINIMUM INSTRUCTIONAL HOUR REQUIREMENT, AS WELL AS ANY COLLECTIVE BARGAINING AGREEMENT
- TO COUNT...AS A DAY OF INSTRUCTION, THE DISTRICT MUST PROVIDE REMOTE INSTRUCTION TO <u>ALL</u> ENROLLED
 STUDENTS, <u>INCLUDING</u> THOSE WHO MAY HAVE BEEN SCHEDULED TO ATTEND IN PERSON INSTRUCTION ON THAT DAY.
 SUCH REMOTE INSTRUCTION MUST BE OF THE SAME QUALITY AND RIGOR AS INSTRUCTION PROVIDED ON A TYPICAL
 DAY AND CONSISTENT WITH DISTRICT INSTRUCTIONAL PLANS.
- DISTRICTS...MUST CONTINUE TO PROVIDE TRANSPORTATION AND OTHER REQUIRED SERVICES TO CHARTER AND NONPUBLIC SCHOOLS...IF SUCH SCHOOLS REMAIN OPEN.
- THE REQUIRED PROVISION OF THESE SERVICES MAY NOT BE WAIVED, AND THE EFFICACY AND SAFETY OF PROVIDING THEM SHOULD BE A CONSIDERATION WHEN OPTING TO CONVERT AN IN-PERSON INSTRUCTIONAL DAY TO REMOTE INSTRUCTION DUE TO A WEATHER OR OTHER EMERGENCY.

Reporting of School Closure and School Re-Opening 2021-22 School Year

- Districts are required to immediately report to NYSED any time their emergency plan or buildinglevel school safety plan is activated resulting in the closure of a school building
- Districts must use the School Closure/Re-Opening form located on the Business Portal
- For the 2021-22 school year, notification must also be provided to the Commissioner for snow emergency days, including those days converted to remote instruction under the 2021-22 snow day pilot
 - This reporting requirement includes, but is not limited to:
 - Closure due to threat of violence
 - Closure due to a water main break
 - Closure due to extraordinary adverse weather conditions
- To re-open a school building after an emergency closure, you <u>MUST</u> notify NYSED via the NYSED Report of School Re-Opening.
- The Report of School Closure and the Report of School Re-Opening are available in the SED Monitoring and Vendor Support System application via the NYSED Business portal

Reporting of School **Closure** 2021-22 School Year

The **Report of School Closure** form must be submitted by the Chief Executive Officer of each **LEA (school district, BOCES, or charter school)** using the following steps:

- 1. Go to the NYSED Business Portal;
- 2. Click on the "Log In" button;
- 3. Enter your existing SEDDAS username and password;
- 4. Under the heading "My Applications," click the link to "SED Monitoring and Vendor Performance System;"
- 5. Click the link for "School Closure;"
- 6. In the inbox, CEO's will see the "Report of School Closure" form, which requests the following information:
 - school(s) that were closed
 - the date of closure and anticipated duration of closure (if known)
 - the reason for closure, including any relevant documents, such as a closure order from a county Department of Health
 - date that notification regarding the closure was made to the BOCES District Superintendent (if applicable)

Reporting of School **Re-Opening** 2021-22 School Year

When it is determined it is safe to re-open the school(s), the **Report of School Re-Opening** form must be submitted by the **Chief Executive Officer of each LEA (school district, BOCES, or charter school)** using the following steps

- 1. Go to the NYSED Business Portal;
- 2. Click on the "Log In" button;
- 3. Enter your existing SEDDAS username and password;
- 4. Under the heading "My Applications," click the link to "SED Monitoring and Vendor Performance System;"
- 5. Click the link for "School Closure;"
- 6. In the inbox, CEO's will see the "Report of School Re-Opening" form which requests the following information: school(s) that were closed
 - the dates of closure and re-opening
 - the reason for closure
 - describe how remote learning was provided during the period of closure
 - a description of re-opening procedures

9 B .	Devices for Student Use
	 "Device" is a computing device, such as a laptop, desktop, Chromebook, iPad, or full-size tablet. A Device is NOT a phone, smartphone, mini tablet nor a mobile internet access point, such as a MIFI.
	 "Mobile device" is a portable, hand held computing device such as a laptop, Chromebook, iPad, full- size tablet, or hybrid tablet/laptop computer.
	"1:1 device" is a device that is issued and dedicated to an individual student by the school or district.

Hello Mr. Desjardins,

If students take their specific mobile 1:1 device back and forth from home and school they should be included in this count:

"Enter the number of MOBILE 1:1 devices normally for in-school use only (listed above) available to students for use at their place of residence on an as-needed or emergency basis".

If the devices are not assigned to one specific student (1:1) and they are used at school and at homes, they should be counted in this count:

"Number of unassigned (not 1:1) MOBILE devices listed above available to students for use at their place of residence on an as needed or emergency basis".

Please contact the program area for ITEM 9C: TEACHER DEVICES and INTERNET ACCESS-PLACE OF RESIDENCE. They will guide you on the best way to capture that situation.
